

Top Orthopaedic ICD-10 Codes Reference Cards

**The California Orthopaedic Association is pleased to offer
Orthopaedic Surgeons a new tool to help them and their staff
transition from ICD-9 to ICD-10**

These comprehensive ICD-10 Reference Cards have been developed on nearly 500 of the most common orthopaedic conditions in the following areas:

Shoulder and Elbow Fractures	Ankle and Foot Fractures
Other Shoulder and Elbow Conditions	Other Ankle and Foot Conditions
Hip and Knee Fractures	Spine Fractures
Other Hip and Knee Conditions	Other Spine Conditions
Wrist and Hand Fractures	
Other Wrist and Hand Conditions	

A must for a busy orthopaedic practice the 10 reference cards were developed for viewing at a glance and are laminated for durability, but they also still allow you to write on the cards to add your notes or additional orthopaedic conditions. These Reference Cards will be a quick reference for you and your staff and save you valuable time as you transition to ICD-10.

The Reference Cards are only available from COA. *The Reference Cards are copyrighted and based on information developed by Newport Medical Solutions who has given COA permission to market this product. Newport Medical Solutions are responsible for the content of the Reference Cards. We urge you to consider these reference cards.*

ICD-10 Reference Cards: **COA Active Members: \$35 USD per set**
