
California Orthopaedic Association

Unconscious Bias— In Clinical Practice

The **Educational Goals** of this course is to raise awareness about the potential of a physician's unconscious bias affecting the evaluation of their patients. Most health care professionals would claim not to be biased, however, unconsciously biases that everyone brings to their work from their life experiences, can impact patients.

Course Planning Moderator:
Lesley Anderson, M.D.

The California Orthopaedic Association is accredited by the California Medical Association (CMA) to provide continuing medical education for physicians. The California Orthopaedic Association designates this live activity for a maximum of **2 AMA PRA Category 1 Credit(s)[™]**. Physicians should only claim credit commensurate with the extent of their participation in the activity. The California Orthopaedic Association takes responsibility for the content, quality, and scientific integrity of this CME activity.

This course is accredited for 2 hours of Qualified Medical Evaluator (QME) credit hours. The California Orthopaedic Association is provider #100 and #9 by the Division of Workers' Compensation.

Module 1 Perfection is Not Required
Gary Stewart, M.D.
Resurgens Foot & Ankle Center, Atlanta

Module 2 How to Check Your Unconscious Bias
Jennifer Eberhardt, PhD, Stanford

Module 3 Cognitive Bias in Clinical Reasoning
Eric Strong, M.D.
Stanford School of Medicine

Module 4 Implicit Bias: How Does It Affect the Decisions We Make
Darin Latimore, M.D.
Yale School of Medicine

Module 5 Weight Bias in Clinical Care
Rudd Center for Food Policy & Obesity
Yale University

Module 6 F as in Fat:
How Obesity Policies are Failing in America—Robert Woods Study
